

08:00 **Conference check-in**

08:45 **Opening announcements**
Goran Brkljac | TER Plastics POLYMER GROUP

SESSION 1

09:00 **Later is Now: Towards a Low Carbon and Circular Future**
Dr. Christa Chiche-Weber | Envalior

10:30 **Achieving higher levels of sustainability with innovative technologies in injection moulding**
Bianca Gubi | Engel Austria GmbH

Maximising the recycled content despite demanding industry standards
Dr.Ivanka Koleva-Ivanov | TER Plastics POLYMER GROUP

10:30 **Refreshment break with coffee and snacks, Networking, Exhibition**

SESSION 2

11:00 **„Sustainability through Technical Innovation: A Path towards a Greener Future”**
Rene Trietsch | Polyplastics Europe GmbH.

12:30 **Sustainable TPE solutions for Automotive**
Jan Kolar | Teknor Apex B.V.

Physical Foaming with MuCell – one step to achieve your targets on sustainability and circular economy by reducing weight and energy consumption
Martin Jacobi, Petr Falc | Trexel INC. | Kouboušek s.r.o.

12:30 **Hot Lunch, Networking, Exhibition**

SESSION 3

13:00 **Sustainable design with PLEXIGLAS® proTerra molding compounds**
Sven Schroevel | Röhm GmbH

14:30 **Next Innovative Approach to Sustainability**
Freddy Lo | Chang Chun Plastic

Grupa Azoty Polyolefins - A new supplier dedicated to sustainability
Andreas Gödel | Grupa Azoty

14:30 **Refreshment break with coffee and snacks, Networking, Exhibition**

SESSION 4

15:00 **Data-Driven Circular Plastics Manufacturing**
Cornelia Beyer | SensXPRT NETZSCH Process Intelligence GmbH

16:30 **Warpage and simulation do not fit? Reliable results in injection moulding simulation with process-dependent material data!**
Tobias Mansfeld | SIGMA Engineering GmbH

Closing Remarks

16:30 **Farewell coffee and snacks, Networking, Exhibition**
